DEPARTMENT OF THE AIR FORCE HEADQUARTERS UNITED STATES AIR FORCE WASHINGTON 25, D.C.

OSA-4647-65 #1739

REPLY TO: Audit Liaison Office P. O. Box 8155 S. W. Station Washington, D. C.

7 December 1965

REPLY TO ATTN OF:

SUBJECT:

TO:

SUBJECT: Review of ECP #1987-22

Airborne Instrument Laboratory

Deer Park, New York

TO : Contracting Officer

- l. A review was made of the contractor's cost proposal to provide maintenance service for the CDC-3200 computer complex and peripheral equipment. All the maintenance services will be performed by a subcontractor, Control Data Corporation, with no input to be contributed by the subject contractor except to function as a contracting agent at a cost of \$26,639. The period of performance is estimated to commence on 31 January 1966 and to terminate on 30 October 1966 (nine 9 months.)
- 2. A summary of the contractor's cost proposal and the auditor's applicable comments are as follows:

	Per	Ref
	Proposal	<u>Notes</u>
Subcontracting (CDC)	\$171,176	a
G & A @7.5%	12,838	Ъ
Total Cost	\$184,014	
Fee Requested 7.5%	13,801	С
Fee Hedaes and 1124	·	
TOTAL PROPOSAL	\$197 <u>,</u> 815	
1,011,111		

Sanitized Copy Approved for Release 2010/12/09 : CIA-RDP72B00464R000300040015-3

Ref Notes:

a. The contractor's pricing of maintenance service is based on a published price list supplied by the subcontractor (CDC) for contracts with the General Services Administration. The subcontractor's price list/catalogue offers four (4) options for available maintenance service as follows:

Option I - Eight (8) hour day, five (5) days per week
Option II - Twelve (12) hour day, five (5) days per week
Option III - Sixteen (16) hour day, five (5) days per week
Option IV - Twenty (20) hour day, five (5) dyas per week

The contractor has elected to present the proposal based on option IV, since the equipment to be serviced will be in operation for 20 hours per day. If the Option I is considered desirable by technically qualified representatives, then this would result in a subcontract cost savings of \$108,326 as presented as follows on attached schedule.

b. The contractor proposed a G & A rate of 7.5%. If Option IV is considered acceptable, then the auditor accepts the contractor's proposed rate. If one of the other three options are considered desirable, the auditor recommends a G & A rate of 7.4%. A review of the current year book rates and forecasted budgets indicates that the 7.5% rate may be excessive. No adjustment was made to Option IV costs since a rate reduction of .1% would result in only a minor cost saving.

c. The contractor has requested a fee based on 7.5% of the estimated costs.

WILLIAM F. EDWARDS
Auditor General Representative (APL)
